

Prison Entrepreneurship Program

Professional Development Tour

Attendees will tour the Houston headquarters of the Prison Entrepreneur Program (PEP). PEP is dedicated to delivering positive outcomes in the prison re-entry field. They provide resources and real world, value-based business skills to inmates, so that once they are back in society they have the tools, skills and support structure to pursue healthy, fulfilling and productive lives. PEP is more than building business skills; it is designed to bring positive, transformative changes to the students, their families and communities.
